

**Q1 What is your name and the name of your
(FSCPP-member) agency?**

Answered: 40 Skipped: 1

Q2 Does your agency prepare population projections for your state?

Answered: 41 Skipped: 0

Answer Choices	Responses	
Yes	78.05%	32
No	7.32%	3
Used to	4.88%	2
Hope to	9.76%	4
Total		41

Q3 What is the smallest level of geography that your agency prepares projections for?

Answered: 37 Skipped: 4

Answer Choices	Responses	
State	2.70%	1
County	72.97%	27
City/town	24.32%	9
Total		37

Q4 How often does your agency provide population projections?

Answered: 35 Skipped: 6

Answer Choices	Responses
Every year	25.71% 9
Every other year	22.86% 8
Every five years	22.86% 8
Every ten years	11.43% 4
N/A	17.14% 6
Total	35

Q5 What is the time horizon for population projections from your agency?

Answered: 41 Skipped: 0

Answer Choices	Responses	
<10 years	2.44%	1
10 to 19 years	7.32%	3
20 to 29 years	34.15%	14
30 to 49 years	36.59%	15
50 to 99 years	7.32%	3
100+ years	0.00%	0
N/A	12.20%	5
Total		41

Q6 What data INPUTs and OUTPUTs are used (INPUT) or provided (OUTPUT) in the population projections your agency provides?

Answered: 41 Skipped: 0

Answer Choices	Responses	
Population by age and sex INPUT	82.93%	34
Population by race and/or Hispanic origin INPUT	41.46%	17
Housing data INPUT	21.95%	9
Employment data INPUT	24.39%	10
Population by age and sex OUTPUT	85.37%	35
Population by race and/or Hispanic origin OUTPUT	39.02%	16
Housing data OUTPUT	14.63%	6
Employment data OUTPUT	17.07%	7
N/A	12.20%	5
Total Respondents: 41		

Q7 What methods are used for population projections your agency provides?

Answered: 40 Skipped: 1

Answer Choices	Responses	
Cohort component based on historical demographic data	75.00%	30
Cohort component including employment or other economic data	17.50%	7
Hamilton-Perry method (cohort change ratios) or similar	12.50%	5
Trend extrapolation of total population data	27.50%	11
Trend extrapolation of total housing data	2.50%	1
Trend extrapolation of total employment data	5.00%	2
Top-down methods (eg constant-share, shift-share, share of growth, data raking/proportional fitting...)	22.50%	9
N/A	15.00%	6
Total Respondents: 40		

Q8 How does your agency post/share the projections?

Answered: 40 Skipped: 1

Answer Choices	Responses	
Excel spreadsheet(s) available for free on the Web	72.50%	29
PDF report(s) available for free on the Web	52.50%	21
Only shared directly to specified users, or for a fee	10.00%	4
Only used internally	0.00%	0
N/A	10.00%	4
Total Respondents: 40		

Q9 What are some ways that the projections your agency provides used?

Answered: 39 Skipped: 2

Answer Choices	Responses	
State and local information and planning	87.18%	34
Required by statute or regulation	33.33%	13
Inputs for other forecasts (eg employment, housing, fiscal, etc)	71.79%	28
Funding allocation	23.08%	9
N/A	12.82%	5
Total Respondents: 39		

Q10 What is your agency's latest projection for your statewide total population in 2030? (We will add the states together and compare to Census Bureau's projected national total for 2030.)

Answered: 37 Skipped: 4
